

11 November 1971

NOTE FOR: JMM and GLC

1. Attached is a copy of a package pulled together on the Foreign Assistance Act. We have used the same material you gave MacGregor except we have organized it by tabbing it and explaining what the material consists of in a precis.

2. I have talked to [REDACTED] on problems facing the Agency under: (1) new section 512 requiring Foreign Relations Committee authorization for military assistance for Thailand and Cambodia starting FY 1973 and (2) new Section 513 if Laos is excluded from the requirement for congressional authorization for funding of military operations but if Thailand and North Vietnam remain subject to this requirement. Darren wanted to refresh his memory on these provisions and so I sent him a copy of our new package and told him to speak with GLC if I am not here as I plan to be down at [REDACTED]
